(Now ALT32 Architecture | Design)  
310 Old Vine Street, Suite 300  
Lexington, KY 40507  
(859)233-4804

Crossroads Christian Church, a repeat client, selected BEX Construction to assist with locating an existing structure which was budget friendly and spacious enough suit their growing congregation. This facility in Georgetown extended their outreach to a second permanent location. The former warehouse was renovated to include a gathering and reception area, worship space, offices, storage, restrooms and an educational wing.
