BEX Construction was selected for the construction of several facilities for Shadwell Farm, including Erhaab Stud and Nashwan Stud. The contract for the Erhaab Stud addition included farm infrastructure as well as six (6) ten stall barns, two (2) eighteen stall barns, six (6) run-in sheds, an entry gate and manager's office. The work at Nashwan Stud added included two (2) four stall barns to the existing breeding facility which serves as the home for several champion thoroughbreds.
